FOREWORD

When experiencing a pleasure, one does not trouble himself with the contemplation of that pleasure; but later, when the original pleasure is gone, there comes a second arising from the first — perhaps more valuable because it allows numberless repetitions,—the quiet joy of recollection.

High School days are among the most active and pleasant in one's life. They therefore afford a great wealth of material for memories cherished in riper years. This annual, it is our prayer, may serve as an adequate reminder in future years of the joys we would not forget of our High School Days.

— *The Annual Staff.*

Prepared by the yearbook staff of 1928.

Nettie Ford has been a secretary at M-RH Senior High School for eighteen years. Mrs. Ford decided to hang up her typewriter and say good-bye to the attendance office this year. There probably isn't a student at the school that doesn't know Mrs. Ford, and for that matter, there is probably no student that Mrs. Ford doesn't know. The students and faculty at M-RH will dearly miss Mrs. Ford and the Mapleleaves staff this year dedicates the yearbook to her. Say good-bye to the computer too, Nettie.

Who sweeps the floors, shovels the snow, marks the football field for games, sets up for graduation, wrestling events, assemblies, and takes them down too? Jasper Italiano that's who. And he's done it for thirty years too. He's pictured above with Vic Cillo. The Mapleleaves staff also dedicates the yearbook to Mr. Italiano for his many years of service and dedication.

"Jasper — Jasper will you please report to the 4th floor? . . . Jasper . . ."

OUR SCHOOL

1907-1976

Nearly 157 years ago, in 1819, a young man twenty-one years of age, James L. Sutton, Jr., made his way out from New Jersey to St. Louis to help his older brother in his blacksmith shop at Second and Spruce Streets. Seven years later he had saved enough money to buy a 134 acre farm five or six miles southwest of St. Louis. It was part of a three square mile Spanish land grant bought from the heirs of Charles Gratiot for "a dollar and a bit" per acre. Ten years later he bought another 54 acres, this time paying \$7.50 per acre.

St. Louis was growing. In the 1830's he moved with his wife and child to a log cabin on the farm. As his children came of school age, he gave an acre of ground for a school house on the Manchester Road six miles from the St. Louis Courthouse near McCausland Avenue.

This was the beginning of the Maplewood-Richmond Heights School District. It was called the Washington Institute when it opened in 1840. Later it was known as the Benton Station School. After the first steam locomotive west of the Mississippi River had made its historic five mile run from the Fourteenth Street Station to Cheltenham Station in ten minutes in the year 1852, Benton Station was soon opened a mile west of Cheltenham, at the site of the school on Manchester Road. The school nearby was given in time, also the name of Senator Thomas Hart Benton, a trustee of the St. Louis public school lands and champion of free public education as well as of an intercontinental railroad.

This early school district was Township 6, Dis-

trict 4. It was three times larger than the size of the present Maplewood-Richmond Heights School District. Its limits included a part of the Webster Groves District on the south and southwest, a large portion of the City of St. Louis and extended as far north as Clayton Road. Most of it lay within Sutton's farm, as did the City of Maplewood, founded later.

The present Maplewood-Richmond Heights district boundaries were defined when the City of St. Louis seceded from the County in 1877. James Sutton, Jr., who had served on the school board for the old district of Township 6, District 4 from 1869, was instrumental in organizing the School District of Maplewood and became President of the first school board for this county area, serving until 1908. During Mr. Sutton's time a two story frame building, which stood in the woods west of Big Bend Road and probably on Comfort Avenue, was rented as the first school. School was opened in February of 1877.

The school directors purchased the old Valley School site and erected a one room building, which was opened in 1888. Another room was added in 1889. The school became known as the Bartold Valley School, the name later being shortened to the Valley School. In 1892 these two rooms were replaced by an eight room two story frame building, and one of the two first rooms was moved to 7553 Woodland Avenue. 1901 saw the first brick building — a four room addition in front of the eight frame rooms at Valley School.

The fast growing community held an election in March, 1906, and changed from a rural school dis-

trict with three directors to a village school district with six directors. The new board decided to establish what was then termed three ward schools — one at Valley, one at the north end and another at the south end of the district. \$30,000.00 was voted for the purpose of purchasing two school sites and erecting and equipping a four room brick building on each site. Thus the East Richmond and the Sutton schools came into existence. These schools were opened to pupils in November 1906.

Miss Clara Wilder was the first superintendent; Miss Anna Jennings, first principal of Valley; Miss Anita Bohnsack, first principal of East Richmond; Miss Julia Brossard, first principal of Sutton.

The pupils finishing the eighth grade who wanted a high school education had to pay tuition in St. Louis and other districts, so in 1907 the board established the first high school with Cornelia Brossard in charge of all classes. This high school was started in a one story frame building to the rear of the eight room frame building at the

Valley School. This building had been built for the overflow of third grade pupils before Sutton and East Richmond Schools were built.

An urgent need for a second teacher was soon brought to the board's attention, and a partition was erected in this one frame building, and it became a two teacher high school in 1908. William Robertson replaced Miss Clara Wilder as Superintendent in 1908.

In 1909, a \$45,000.00 bond issue was voted. The two story frame building at Valley was razed and a brick addition with laboratory on the third floor was built onto the brick building erected in 1901. Domestic Science (now Home Economics), Manual Training, Music and Art were started. With this program the Maplewood District became one of the first in St. Louis County to offer a High School Program.

Until 1909 there was no provision for education of Negro children in the community. In that year the board rented the building on Dale Avenue, which is now the Church of the Living God, as a Negro school.

Here are a few highlights in the history of our schools from 1910 to 1925:

1. 1910 — County Court designated the district as the Maplewood City Schools.
2. 1915 (July) — Mr. Robertson resigned as superintendent and was succeeded by William Schlueter.
3. 1916 — Addition of four rooms and gymnasium was built at East Richmond. Land was purchased on Dale Avenue. First two rooms of Lincoln School (Negro) were built. A sixty foot lot was purchased adjoining Sutton School. A whole block of ground was purchased for the new high school. The first unit of the high school, now Junior High, was constructed. Superintendent Schleuter was succeeded by Joshua Richmond in September.
4. 1921 — a second unit of the high school at Sutton and Lyndover was added.
5. 1923 — the Glenn tract was purchased for Valley playgrounds.

In 1925, the present high school ground on Manchester was purchased. Also a bond issue provided funds for the second unit of Lincoln School, which served Negro children, kindergarten through eighth grade. High School Negro students attended the Douglas School in Webster Groves until the 1954 Supreme Court decision, at which time the high schools were integrated.

The 1928 bond issue was used to start the first unit of the present Senior High School, the second unit at West Richmond and the third unit at Lincoln. In 1929, a bond issue was used entirely for the second unit of the Senior High School. The 1930 bond issue of \$85,000.00 was used to equip the senior high building, to build bleacher seats and field houses, and to build the track.

Mr. Joshua E. Richmond, who served as superintendent during the fifteen years of the most rapid growth of the Maplewood-Richmond Heights District, resigned and was succeeded by G. E. Dille, July 1, 1931.

The 1932 bond issue of \$152,000,000.00 was used to build and equip the third unit of the Senior High, the third unit of West Richmond, and to purchase ground and build the first unit of the new Lincoln School for Negroes.

In November 1933, C.W.A. (Civil Works Administration) work started. This government project enabled the district to grade grounds at New Lincoln and Senior High, enlarge the track from 18 to 25 feet, and erect a stone wall around the track.

During the 1930's the depression halted further expansion of physical facilities in the school district except work which could be done through W.P.A. (Works Progress Administration) and P.W.A. (Public Works Administration) projects, on three occasions bond issue payments were refunded (extended) because of a shortage of funds.

Greatest Athletic Team in Maplewood History

Never in the history of Maplewood-Richmond Heights high school has there been an athletic team to compare with the 1936 football team.

Composed of boys who played, fought and chummed together since the seventh grade, they made their last year at Maplewood one in which they gained newspaper and radio fame from coast to coast.

In facing the toughest competition a Maplewood team had ever faced, the team challenged high school teams all over the country. The teams accepting were Hillsboro and Johnston City, Illinois; Muskogee, Oklahoma; and Davenport, Iowa. These teams were all defeated by Maplewood with the exception of Muskogee which gained a 7-7 tie. This team scored a total of 200 points and remained unscathed upon in their first five games. This magnificent team, in compiling their season record of 9-0-1, had outstanding scores which reached as high as 54 and 53 to nothing. The total points scored for the season were Maplewood 277, opponents 67.

The quarterback that sparked this great team to their victories was Paul Christman, later known as "Pitchin' Paul" when he became an All-American at Missouri University.

Wrestlers - 1939

The "Blue Devils" of 1940

Can you recognize any of these fourth place's in the state in 1941?

ANOTHER YEAR FOR CHAMPS

Wrestling as team sport began in M-RH in 1939, and developed interest rapidly.

The 1940 team won the first of six straight state championships. The "Blue Devils" of 1940 went undefeated and were tied only once, a record which equaled the great team of 1936.

The basketball team won the Suburban League championship in 1941, were runners-up in the Normandy Tournament, and took fourth in State as they compiled a 20 and 6 record.

In 1941, G. E. Dille resigned and was succeeded by E. R. Adams as Superintendent. Four years later the voters approved a \$625,000.00 bond issue to build the auditorium addition to the Senior High School, and the auditorium addition to the West Richmond School, but this work was not actually done until 1948-50. In 1951 the name of the district was changed from the School District of Maplewood to the School District of

Maplewood-Richmond Heights.

The voters approved a bond issue of \$1,800,000.00 in 1953 to build the new Valley School, an addition to East Richmond, an addition to Lincoln, and to do some work at the Junior High School. The board of education added some money to the building fund since then by selling the old Valley property and the old Lincoln property.

This money made it possible to improve the Junior High School by building a new shop and completely remodeling the library, and also to provide gas heat in all schools which did not at that time have it.

Upon retirement as superintendent on July 1, 1960, E. R. Adams was succeeded by Milton E. Bierbaum. On February 21, 1963, voters approved a bond issue of \$1,100,000.00. This money was used for the following purposes:

1. To build a Junior High Cafeteria.
2. To build a completely new school to replace the old Sutton School.
3. To make a number of major changes at the Senior High School, which included the following:
 - A. To build a girl's gymnasium and music department north of the auditorium.
 - B. To build a lobby to the boy's gymnasium.
 - C. To completely remodel the dressing rooms which serve the boy's gymnasium.
 - D. To remodel and buy new equipment for the Industrial Arts Department.
 - E. To remodel and buy new equipment for the cafeteria.
 - F. To remodel and install new equipment for the department of business education.

Then in January of 1968, a bond issue of \$640,000.00 was approved and the money used for the building of a new library, art room, administrative offices, and three additional classrooms over the area used for parking west of the music department. The building is at two levels, leaving the ground level free for parking. The area previously used by the administrative offices is now remodeled and is the senior high offices and the counseling offices. The rooms previously used for the counseling offices along with the old teacher's lounge was remodeled and provides a modern teacher's lounge. The space previously used for the library was remodeled and is made into three new classrooms, one of which is now the resource center.

In the fall of 1968 Mr. Bierbaum told the board of education of his intention to retire as superintendent

within two years. The board accepted his resignation effective June 30, 1970.

Mr. Clinton E. Crites was elected superintendent to replace Mr. Bierbaum. Mr. Crites came to the district in 1963, after having served as teacher and principal in the Hazelwood School District. He served as principal of Valley School for three years and then of West Richmond School for four years before his promotion to the superintendency. In 1975 Mr. Crites resigned to work for the state department of education in Jefferson City. He was replaced by our current superintendent Dr. Robert M. Hixson who had served as an assistant to Mr. Crites for several years and was employed by the Riverview Gardens School District before that.

We can look back and see that our high school has grown from one room in 1907 to a large building of four stories in 1976. The first graduating class was composed of seven students, whereas the graduating class of 1976 numbers around 165. The staff of 1911 had only eleven teachers. The enrollment that year was 74 students. This year we have over 900 pupils and over 50 instructors and administrators. We have a course offering of over 150 different subjects to choose from. We have a satisfactory ratio of students to teachers (20 to 1) which enables the students to derive the most benefit from their classroom periods. Our school is proud of our contributions to leadership and achievement in all walks of life. In sports several of our boys have made All-American as a result of their records on their high school football and basketball teams. Is there anyone who doesn't remember Paul and Mark Christman?

The pictures on pages 4-16 were taken from old editions of the Mapleleaves Yearbook. Pages 10 and 11 were taken directly from the 1957 Mapleleaves yearbook which celebrated the school's 50th anniversary with pictures and articles concerning the proud achievements and long established traditions at M-RH.

The history of our school from pages 4-14 was taken from an old essay found in the filing cabinet of Mr. Charles C. Brown after his retirement in 1972. Charlie Brown passed away in July of 1976.

If you think you have someone eating out of your hand, it's a good idea to count your fingers.

Chip Staff

1976 has been a transitional year for the newspaper. It has a new method of selecting editors and a new sponsor. For the first time the editors have been elected by the staff.

Mr. Gackstetter and the *Chip* staff have done an excellent job in a year filled with new sponsors and new methods.

"The heart hath its own
memory like the mind,
And in it are enshrined the
precious keepsakes . . ."

The most precious memories cannot be recorded in a book. The yearbook is only a record of the year. It cannot record the special moments that occur in every person's life in a year. The yearbook uses pictures to illustrate the events of the year. The heart must retain the "precious keepsakes," a yearbook can only call the memories back to mind.

Stage Crew

One of the most important service groups at M-RH is the stage crew. This group prepares the auditorium for assemblies, concerts, programs, and community activities. The flunkies (new members) spent several weeks learning the mechanics of putting up risers, setting up microphones, and working the light panel from Mr. Cochran, Sandy Jaeger, the president of the stage crew, and other experienced members. Their efforts are appreciated by everyone that attends the assemblies, concerts and other programs held in the auditorium.

The MRH German Club

The German Club at MRH is one of the largest and most active clubs, having an annual membership of 60-70 students. The club holds bi-weekly meetings to plan its monthly activities which include such favorites as the initiation party, German style dinners, Christmas caroling in German and a Christmas party, the February Fashingsball, dances, hikes, and picnics.

The German-American Partnership Program

Since 1974 MRH students of German have enjoyed participating in an exchange program with the Erich-Hoepner Oberschule in West-Berlin, Germany. The purpose of GAPP is to give German and American teenagers an opportunity for an in-depth experience of a foreign culture by living with a foreign family, attending school in the foreign country, and joining with their partners in cultural and social activities.

For the MRH participants, the four-week stay in Berlin is preceded by a ten-day bus tour through historic, picturesque Southern Germany. A train then takes the group from West-Germany through communist East-Germany to West-Berlin. In Berlin, students follow a strenuous schedule of school attendance, cultural and political tours, and social activities with their families and partners. The MRH students return to the States in early September, starting their long wait for their German partners, who come to MRH in the spring during their Easter break. The GAPP students, parents, and teacher work hard throughout the year to make the exchange program a success for both groups, the MRH students going abroad, and the German partner students and teachers visiting our school and our communities.

The M-RH Pom Pon girls were a smaller group this year that became even smaller when some of the senior members graduated. This did not hurt their performances at football and basketball halftimes with their last performance at M-RH February 20 at the Jennings Maplewood Varsity Basketball game. Sponsors were Mrs. Bernadine Jackson and Mr. A Borchardt.

This year two varsity cheerleading squads replaced the single varsity and junior varsity squads of the past. Both squads work hard to promote school spirit and enthusiasm for all sports.

One of the highlights of the year was the trip to Columbia to cheer at the state wrestling meet.

The fine performance of both squads reflects the many hours of practice.

MUSIC

Orchestra: *Front Row:* M. Moore, S. Grant, D. Williams, G. Gaskin, J. Adams. *Back Row:* B. Moehler, Mrs. B. Eberwein, L. Wegner.

Orchestra

The M-RH Orchestra, under the direction of Mrs. Eberwein, has performed at the Christmas and Spring concerts. The small, talented ensemble performed well. Some of the members perform in the community orchestras in the area. Steve Grant, a junior, is a member of the St. Louis Youth Symphony.

M-RH Band

The band, under the direction of Mr. Jean Chard, is one of the most active performing groups in the school. They perform at the Christmas and Spring Concerts and at all of the elementary schools in the district. Individual instruction has helped the band to improve over the years, and Mr. Chard sees a marked improvement in the future, too.

Singers LTD.

Singers Limited and Trebleaires are the two special vocal ensembles at the high school. All members must audition and are chosen by Miss Boren. They perform at concerts and various other functions. They perform pop music.

A Cappella Choir

The A Cappella Choir, pictured on page 108, has been kept busy by its new director, Miss Vicki Boren. Its many activities this year have included performances at the Christmas and spring concerts, a spring assembly for the Junior High School, and a performance at the music festival at UMSL. Other activities being planned include a trip to Six Flags. Row 1: J. Storz, M. Kopp, B. Smelser, Miss Boren. Row 2: B. Hegwood, R. Hernandez, C. Townsend. Row 3: R. Reichwein.

COE
VOE

Exploring Careers

The exploring careers program is an opportunity for the student learner to leave the school campus and to emerge into the surrounding community to explore job opportunities, requirements, obligations, demands and how required educational courses may help a student meet these requirements and demands. The program combines education and work into a total career exploration package. The program is open to Junior and Senior students whom the school, the student, and parents have determined can profit best educationally. Maplewood-Richmond Heights Senior High School is an accredited member of the North Central Association of Secondary Schools and Colleges, which assures that its credits will be accepted in any high school or college. Specific approval has been given by the Missouri State Department of Education for the Exploring careers program as meeting the requirements of high school credit. Michael Johnson is the coordinator for the program who has placed students at KTVI's television newsroom, St. Mary's Hospital, special school district, the humane society, police and fire department, just to name a few.

Teacher's Aide Program

Some of the students involved in the teacher's aide program are Mary Rapp pictured at right, Cathy Sago bottom left, Joan Drapp middle, and Rita Lederle lower right.
